Parent/Guardians and Students,

Please see below for important information regarding physicals and vaccinations needed for the 2021-2022 school year as well as medication pick up for the current school year.

**Physicals**

Students entering 7th, 9th and 11th grades, and any student who plans on participating in fall sports will need to complete the enclosed student health examination forms. Forms can also be found on our Oriskany website by going under the school nurses tab and clicking on the important form link.

**Vaccinations**

Students entering 7th and 12th grades will need to have their Meningitis vaccine completed prior to entering the first day of school. Students that have not received their vaccination by the first day of school will be contacted and asked to provide a specific date for their scheduled vaccination. By the 14th day of school, proof of vaccination must be provided or the student will not be allowed to attend school on the 15th day and thereafter. Students who transfer in from out-of-state have up to 30 days to receive this vaccination.

Vaccinations can either be provided by your child(s) health care provider or by Oneida County Department of Health. They can be reached at 315-798-5747. Appointments are necessary as certain vaccinations are only given on specific days.

**Medication Pick Up for the current school year**

Students that have medications located in the nurse's office will need to have a parent pick them up by 2:30 on June 24th, 2021. Any medication remaining in the nurse's office after this date will be properly disposed of as required by law.

Please feel free to contact me with any questions or concerns at 315-768-2061 between the hours of 8:00am and 2:30 pm Monday- Friday until June 24th.

Thank you,

Maryruth Stopera, RN, BA
