Dear Parents and Guardians:

As you may be aware, Oneida County has been declared a State of Emergency. Schools will be closed for our students. Here is what is currently known:

- All students will not be attending school on Monday and will not be returning until after the April recess. This information will also be posted, with dates, on the press release.
- All athletics (games and practices), events, concerts, plays, have been postponed and will be rescheduled, if possible, at a later date.
- Instructional staff have been working on lessons and assignments for students and we will be communicating with you and begin rolling out instruction for the students shortly.
- Any and all questions – please call District Office and we can assist in directing your call or answering any questions you may have.

Please know, when more information becomes available, I will be sure to communicate that information out to you.

Our administrative team and our entire faculty and staff will be working hard to provide our students with as much opportunity for learning as we can during this challenging time.

If I can be of any assistance, please feel free to contact me.

Thank you for the continued support you provide for our students and staff.

Sincerely,

Timothy Gaffney
Superintendent of Schools
